A little less politics and a little more back bone in some of the Columbus and state officials would have saved a lot of trouble, prevented injuries to people and destruction of property.

Charlie McConnaughey and others, but mostly McConnaughey, comprising the Democratic executive committee, held a meeting here Friday evening. The others met with Charlie to receive his advice on how to conduct the campaign.

If Col. Roosevelt is looking for any new members of the Ananias Club Sen. Burton would probably furnish data showing the qualifications of George B. Cox. And Mr. Cox might even be prevailed upon to furnish credentials showing that Sen. Burton is eligible.

The attempt of the Democratic press to make it appear that Warren G. Harding is George B. Cox's candidate for governor is ridiculous. Of course Mr. Harding and every other candidate desired the support of every delegate he could possibly get at the convention and Mr. Harding was undoubtedly glad to receive the vote of Hamilton county. But Mr. Cox went to the convention earnestly working for the nomination of Judge Brown and did not vote for Harding until he saw there was no chance to nominate Brown. Mr. Harding is no more the Cox candidate for governor than every other candidate who has received the support of Hamilton county for many years.

A man representing an Oklahoma land company made quite a talk on Oklahoma and its opportunities on High street, near Free's corner, on Tuesday evening. He claimed that his purpose was to advertise Oklahoma land and secure boosters for Oklahoma by giving away forty lots in Oakland City, Okla., a town which was laid out three months ago. However each person who secured a lot was compelled to pay \$4.45 as the speaker said for the making of deeds and the abstract of title. At this rate the company is getting between \$55 and \$60 an acre for their land. Forty people who listened to his talk took a chance and their deeds will be sent to J. W. Kilse, justice of the peace, next Tuesday.

## Deeds and Mortgages Recorded.

During the year ending July 31, 1910, 944 deeds and 543 mortgages have been recorded at the recorder's office and 558 mortgages released of record.

In 510 deeds the consideration named was \$1.00 and in the others the total consideration was \$580,486.

The total money loaned on the mortgages was \$519,045 and the amount paid off by the cancelled mortgages was \$595,777.

There were 912 deeds recorded during the year ending July 31, 1909, an increase of 32 for this year.

## Does it Prohibit?

Prohibition prohibited \$79,059,743.00 worth! This is the official statement of the United States Government for the fiscal year ending June 30, 1909, the comparison being with the previous year. The drop in the production of whiskey was 4,825,298 gallons, being more than three per cent of the previous year's production. The decrease in the beer item was 2,441,182 gallons, four per cent of the production. Uncle Sam lost nearly eight million in taxes, but the people are ahead by nearly eight million dollars that did not go for beer and whiskey.

## TUBERCULOSIS

236 W. Park Avenue, Columbus, O., August 9, 1909.

To Whom It May Concern:

I can't understand how anyone can doubt that Nature's Creation positively cures tuberculosis when there is so much unlimited, positive proof. I know of many that have been cured after doctors had given up all hopes, and as far as that goes I need no more proof than my own case. I was afflicted for a year and a half and had my sputum examined by the Board of Health. Report showed the germs. I am today in perfect health, my cough is gone, have gained twelve pounds. Was able to go to work nine months ago and have worked every day since.

Very truly,

C. L. McCONKEY.

Nature's Creation has brought sunshine into thousands of gloomy homes. Why not yours? Send to-day for booklet which explains all. Address The Nature's Creation Co., Dept. C, Columbus, Ohio.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials.

## There Are 40,000 Blind People

In England and thousands more in the United States from whom the light of day is forever shut out. Many of these unfortunates could have saved life's greatest blessing by proper attention to their eyes. Nature exacts her tribute at any price, sometimes demands just a little help, and to ignore her is costly. A little help from glasses may be all she wants, but she will have it. If your eyes trouble you come to us for a scientific test.
